### **REASONS FOR ALLOWANCE**

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/17/2008 has been entered.

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowed over the prior art of record. None of the prior art of record discloses or suggests "a composite display unit having a first display element and a second display element that is provided overlapping the first display element, the composite display unit being operable by both an AC supply and a cell, a reflective polarization plate that transmits light that oscillates in a specified direction and reflects light that oscillates in a direction that is intersecting with the specified direction and which is disposed on the liquid crystal panel on the side of the first transparent substrate; and wherein the reflective polarization plate is directly joined to the first transparent substrate of the first display element, the second substrate of the first display element being directly joined to the third transparent substrate of the second display element, wherein the reflective polarization plate is constituted as a dielectric multi-layered film with birefringence; wherein the AC supply enables display at least by the first display element, and the cell enables display only by the second (display) element". Claims 2-5 and 7 are also allowed since they depend on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Tai Duong at telephone number (571) 272-2291.

The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
